PELLE

collection

A revolutionary three-dimensionality sculpted in metal takes shape through a refined interplay of volumes and surfaces. The finish, inspired by the natural softness of leather, introduces an unexpected tactile dimension. This aesthetic language extends to the kitchen as well, where design and functionality coexist.

Una tridimensionalità rivoluzionaria scolpita nel metallo prende forma attraverso un raffinato gioco di volumi e superfici. La finitura, ispirata alla naturale morbidezza della pelle, introduce una dimensione tattile inedita. Questo linguaggio estetico si estende anche all'ambiente cucina, dove design e funzionalità convivono.
